'Life Changers'

“Get in on the highly anointed prayer. God is doing miracles and changing so many lives with the power of prayer. You can be next! Take-a-look at the powerful testimonies. See you Soon.”

Pastor David

“I went to the hospital on a Thursday because I had not been able to use the bathroom for a few days. Upon getting examined, I was notified I had a football size urine in my bladder. After more testing, they said I had congestive heart failure, failing kidneys, high blood pressure, and I had fluid in my lungs. They withdrew 3000 ml of urine out of my body and admitted me into the hospital. On Thursday, they thought there was a mass in my bladder and thought it was cancerous. By Sunday, I started to feel better. Monday, the doctor came in, and did all the testing again. They found that the mass they saw that was there Thursday, wasn't there. My heart was beating properly, my kidneys were functioning right, no fluid in my lungs, and my breathing was a little bit short. On Tuesday, the doctor said, ‘we are going to let you go home. We can't find anything wrong with you, we don't know what happened.’ I said, I know what happened. My ‘Life Changer’ friends, my pastor David Girley, came and prayed for me and gave me a word of encouragement. God had made a promise to the Life Changers that He is answering our prayers this year speedily. So here I sit, a healed man after a few days of bad news. I chose to believe God and what He said over what they said.”

Russell

“For the last four months, my 19-year-old cousin was dealing with many health concerns, doctors' appointments, and many lab tests. The doctors were concerned that she had heart and/or liver failure. After visits to a cardiologist and more rounds of lab work. She was also sent to a liver specialist. The first ultrasound showed her liver to be significantly enlarged and liver enzymes to be elevated. As were several other test results. She was added to the ‘Life Changers’ prayer list. There were many people praying for her healing. Her latest lab results showed that her elevated members had returned to normal levels. Including her significantly enlarged liver had also returned to normal. Her doctors were speechless. She was told she could go back to normal activities. She was no longer sick. Everything she tested for was negative. The time between her first abnormal ultrasound to the second normal one, was only one month. God miraculously sent healing to her body. There is no explanation except for, God did it!”

Jasmine

“I chose to believe God and what He said over what they said”

“Fight For Your Faith”

1 Timothy 6:12

Why would the Apostle Paul tell us to ‘Fight the good fight of faith?’ Because it is always under attack. Your faith is something so precious, the enemy sees it as something to steal from you. Not just occasionally, all the time. In these last days, the devil has stepped up his attacks against the people of God. I know you have

experienced a higher level of trials. I don’t even have to ask. Fighting for your faith is a good thing. It’s worth spending your time doing. At times, even urgently. We just have to hold onto our faith. Not only hold onto it, FIGHT for it!

There are so many ways the enemy shows up in your life to steal your faith. The devil will creep into your life subtly to see what you will give up. Just like he did to Eve. He catches you off-guard and starts with negativity in many forms. Like, bad reports, sickness, debt, poverty, people

problems, etc. If he can get you to constantly think, meditate, and be consumed constantly on that, then it will escalate fast into stealing your Christ-like character and everything God blessed you with. Stop it now! It is a path that leads to sin and separation from Christ. However, that won’t happen when you keep the faith. You belong to Christ. He promised you victory over it already.

“You have something the devil wants to steal”

“Fight For Your Faith”

1 Timothy 6:12

Sometimes we think we are fighting “flesh and blood.” We are fighting for our faith. Everything else has already been defeated. All we have to do is get into agreement with what Jesus has already done at the Cross and exercise our faith on that. Our faith is more precious than gold and worth fighting for. True, the

enemy is behind the scene using people. But we can’t let people and situations disturb our peace and cause us to lose faith. God promised, when you keep your mind focused on Him, He would keep you in perfect peace. He always provides a way to help you in every situation. He knows how to provide for you, get help to

you, a message to you, and healing to you. Believe what God says about you, not what people say. I understand people pick at you and put you down. Rise above it. Overcome it. You are an overcomer destined for greatness.

Keep the faith. You are precious soul chosen by God. If you are experiencing challenging situations that drain your faith, then the devil sees you as a threat to his already condemned kingdom. Don’t give up, don’t give in. The body of Christ needs you. Fight to keep your faith!

God Bless You

“Rise Above it. Overcome it”

A red boxing glove is positioned on the left side of the image, resting on a grey concrete floor. To its right is a white rectangular sign with a black border. The sign features the words 'FIGHT' and 'FAITH' in large, bold, sans-serif letters. 'FIGHT' is white and 'FAITH' is red. The background of the sign is a textured grey concrete surface.

Depressed? Just Stay Alive

Today I am celebrating you! You are treasured, valued, recognized, special, and you matter. You are a special soul. God said so. You have been chosen by God. Don't worry, He has you in His hands. You have better days ahead. There is light at the end of the tunnel. The enemy is trying his hardest to snuff out your light. But God said, NOT SO! The Light in you is stronger than the darkness you experience. Darkness flees in the presence of Light. That is how you are still here. I know, I've been there. If you are reading this, that means you made it. You are a SURVIVOR! That's a testimony to give God thanks. You have so much life to give to the body of Christ. Stay encouraged. Stay with God.

Love, Lisa

I am determined to stop depression and the suicide epidemic in America. I will be with you here in The PHD International every month. I am with you everyday on Twitter: [shawlisaa](#) Follow me, send me a direct message on 'X' (Twitter) or email me @

wearephd@outlook.com and I will pray for you!

God
Calling

Jesus is calling you

To answer His call, use this prayer as a guide

Lord Jesus, I ask that you come into my life. I am answering your call. Forgive me for all my sins. I believe with all my heart and confess with my mouth that you are the Son of God, and You rose from the dead. I confess you as Lord of my life. I am now saved. Thank you for writing my name in the Lamb's book of Life. In Jesus Name. Amen

All of Heaven rejoices when a soul comes to Christ, Luke 15:7. If you answered the call let us pray for you. We are overjoyed with you and with heaven. Call us @
